

Silver Birch Homework

Please complete 2 pieces of work from each section by Monday 20th February 2017

Our topics for this half term are Treasure Island, weather and climate and rainforests

Numeracy

This half term we are looking at co-ordinates, adding, subtracting, multiplication, division and time

Check the temperatures of a different country over 2/3 weeks – then make a graph to show the difference in temperature

Compare different time zones – e.g. what is the time in Australia- if the time in the UK is 5 a.m.?

Find out how long it would take to get to different destinations.

Make a game using co-ordinates

Create a maze

Literacy

Make a fact book about the rainforest or pirates

Research the history of pirates

Draw/write a comic strip about Treasure Island

Write a message in a bottle

Write a blog about a country you have visited

Make a weather or pirate crossword

Topic

Make a pirate ship

Design your own symbols for the weather

Make a treasure map including a key

Make a wind chime or a rain gauge

Watch the weather forecast every day for 2 weeks – record the weather in a chart

Don't forget to keep on practising your times tables.

The above activities are only suggestions please feel free to think of your own homework activities based on our topics.
